

A woman says that after the pain of suffering Lydia E. Pinkham's Vegetable Compound has done for her as well as ever.

Lydia E. Pinkham, of Leesburg, Va., writes to Mrs. Pinkham:

I want other suffering women to know that Lydia E. Pinkham's Vegetable Compound has done for me. For years I suffered from feminine ills. I thought I could not live. I met you, and after taking Lydia E. Pinkham's Vegetable Compound, and the treatment you prescribed I am now a new woman. I am now well as ever, and thank you very much for what you have done for me.

REMEDY FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made of roots and herbs, has been the standard remedy for female ills. It has positively cured thousands of women who have been troubled with irregularities, inflammation, ulcers, fibroids, tumors, irregularities, pelvic pains, backache, that bear-down feeling, flatulency, indigestion, nervous prostration. It doesn't hurt you?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

INCOMES IN GERMANY.

Annual George Nicolas lift of Annual states that the official summary of the tax commissioners of Berlin for the year 1906 has just been published, presenting a mass of figures showing conditions of living in the second city of continental Europe and the fourth largest city in the world. The compilation of the figures in regard to income-tax assessments:

The population of Berlin in 1906 was 2,040,148, and of this the tax commissioners, after deducting non-taxable children under 14 years of age, the military and navy by law exempted, found that there were, in round figures, 1,125,000 persons (heads of households self-supporting individuals) subject to assessment for income tax. Half this number, however, found to have incomes of less than \$214 a year, and, therefore, in it are exempt from income tax. Minimum varies. In some German states being as low as \$100. In the income-tax rolls there were 99 names. Of these 315,610 incomes of from \$214 to \$286.77, and 226,678 had incomes from \$286 to \$714 a year. Thus out of the 600,899 persons assessed for income tax 542,288 had incomes of less than \$714 a year, only 58,611 persons were found to have incomes greater than that amount. Above that figure the incomes dwindle rapidly. There were 10 persons with incomes from \$714 to \$1,000; 10,800 with incomes from \$1,000 to \$11,900; 1103 with incomes from \$11,900 to \$23,800; with incomes from \$23,800 to \$39 with incomes from \$39 to \$238,000; 4 with incomes from \$238,000 to \$476,000; 10 incomes from \$476,000 to \$952,000; and 2 with incomes over \$952,000 a year.

It is meant that of the 1,125,000 persons in Berlin who support themselves or themselves and families, 58,611 or less than 5% per cent have incomes of \$714 or more a year. About 1,066,000 have less than that amount, and more than half even less than \$214 a year. It is no belief that any portion of the income of the man who works for his money often escapes assessment for income tax. The maid who earns \$5 to \$7 a month, the laborer who has a lodging allowance charged against his computing her income, and the probable "tips" of the waiter are estimated for the same.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

the condemnation of a suburban pig pen.

What is very much more surprising is the fact that when the city's application to condemn vast tracts in the Catskills was presented to the state water supply commission at Kingston and public hearings were given, lasting for weeks, no newspaper was specially represented, although all the facts which are now spread before the public with sensational headlines were presented at that hearing, as the stenographic minutes will show. An opportunity was at that time given the press to do the great public service of pointing out the startling facts about the waste of water in New York city, at a time when such publicity would have been effective to prevent the stupendous work in the Catskills. Where were the newspaper representatives then? So busy working on sensational muck-raking, prize fights, monkey dinners, and "spicy" articles to serve up to the jaded tastes of their readers that they were obliged to ignore one of the greatest questions that has been before the people of the city of New York for generations; and this—to the shame of the press he it said—has too often been the case at times when important matters should have been engaging the serious attention of what we are pleased to call the leaders of public opinion.—Leslie's Weekly.

PRACTICAL WORK FOR MINERS.

Students in the Department of Mining Engineering Go to Black Butte Mines. (Oregon University Weekly.)

A party of mining engineering students left Thursday evening to visit the quicksilver mine at Black Butte, near Cottage Grove. The party is under the supervision of Engineer Walter M. Eaton, as Prof. Arthur C. Terrill, head of the mining department, is at present in California. While at the mine the students will divide into two parties to survey the mine, making all possible computations regarding the mile or more of tunnels belonging to the mine. The Black Butte quick-silver mine, which is located eighteen miles south of Cottage Grove is the best equipped mine in Lane county, and is known throughout the mining world for certain patented improvements which are installed there. The study of this mine and the conditions under which it is worked will be of great value to the students. They have had the trip in prospect for some time and have made elaborate preparation for the work in hand. Night after night they have crept into the attic of Deady Hall and in the pitchy darkness which prevails there in the wee sma' hours, have pried plumb line and figured by dim candle light. They say that the four-story winding stairway of Deady very much resembles in the dark the shaft of a mine, and as they have computed it thoroughly, they anticipate no trouble with the more practical work which they have set out to do. Prof. Stafford, Dr. Shinn, A. J. Elton, and Walter McIntyre will follow Monday to assist Mr. Eaton's group in its investigation.

President Roosevelt Says.

That outdoor exercise is needed by the American people. That's all rheumatism follow that advice? The answer is simple—use Ballard's Snow Liniment, and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains. Sold by all dealers.

Prices of grains indicate that there is plenty of room for big crops this year, and that light crops will be a disaster.

THE KIND YOU HAVE ALWAYS BOUGHT

A Nurse's Story

If you are a sufferer from headache, neuralgia, or pain from any cause you should read the following letter from a nurse.

"For sometime I have felt it my duty to write you. I was having my doctor twice every week for headache. All he did for me was to give me something to ease the pain. Sometimes the pain was so severe that I could not speak, and members of my family stood over me and gave me medicine every fifteen minutes until I was relieved. A sample of Dr. Miles' Anti-Pain Pills fell into my hands. I read the circular very carefully, and found my case described exactly. The next time my head began to ache I took the Pain Pills according to directions and I felt I was getting better, so I sent to the druggist for a box and took them until I was so much better that I was about the house all the afternoon. I have not had a doctor's headache since. When he met me sometime after he wanted to know how I was, and I told him what I had done, and he replied: 'If you have found anything that will help you, stick to it,' and so I have. Being a nurse I have recommended them to a great many grateful people. One case I will mention. I saw a doctor go to a neighbor every week for months because she had such awful headaches; but for a long time I dared not suggest anything to her. One day I met her and I gave her a half a box of Anti-Pain Pills and she used them and has had no doctor since. She says I will return you more money and said, 'why didn't you tell me about them before.' I could tell you of many similar cases."

MRS. JOSEPHINE BOHN, 170 W. Genesee St., Auburn, N. Y. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return you more money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

The baseball harvest promises to be good this season; but fortunately that harvest does not compete with the farmers' sort.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by Dr. Stone's drug store.

Three years of "trust busting" have produced results; the discovery that it takes more than "busting" to kill a trust.

RHEUMATISM.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price 25 cents; large size, 50 cents. Sold by Dr. Stone's drug store.

Death Was On His Heels.

Josep P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at J. C. Perry's drug store. 50c and \$1.00. Trial bottle free.
